

2016-17
Summer Term

What will you do?

Welcome to the Hungerhill Enrichment Programme

2016 – 17

Enrichment at Hungerhill

At Hungerhill we are immensely proud of our enrichment programme, and the range of club choices available. We are pleased to bring you this term's choices, and hope you are just as excited about it as we are!

Enrichment is all about helping you grow as an individual, developing a wide range of skills such as creativity, communication and teamwork. These skills will not only help you in regular lessons, but are essential as you move on to further education, higher education and the workplace.

Things to consider

We aim to place every student in one of their top three choices, but this is not always possible. We aren't able to consider friendship groups when we put the clubs together so there is no point in picking the same as someone else! Here are some things we think are the most important:

Do you enjoy this activity?

If you do, great! This is the perfect reason to pick a club.

Have you been interested in the activity before, but not been given the chance?

Enrichment is your chance to try something new or different, so what's stopping you?

Will it help you now, or in the future?

All clubs are strongly linked to school subjects, so the enrichment lesson can give you further time to develop in a particular area.

THE CHALLENGE!

The Enrichment Team challenge you to pick a club that is completely out of your comfort zone! In previous terms we have heard countless stories from students who have tried something new and loved it. Even if the club doesn't suit you, you'll be confident in knowing that you tried.

"I am always doing things I can't do. That is how I get to do them"
Pablo Picasso

1. 3D Modelling for Games: Would you like to work in the games industry? Learn how to make and texture buildings and objects suitable for some of your favourite games. 3D modelling for games will show you how to get started making computer generated 3D models using software that you can download at home for free! **NB: You must bring your own headphones.**

2. CAD/CAM: Learn how to use a range of computer aided design (CAD) software and computer aided manufacturing (CAM) processes. Work individually and in teams to design and make your own products using the laser and 3D printer to a given design brief. **NB: A small monetary contribution may be required towards materials.**

3. Calligraphy Club: Calligraphy is the art of decorative writing, and is an increasingly popular skill to learn. Develop your artistic skills whilst learning this relaxing and therapeutic skill. Learn how to write in different creative styles, as well as trying Arabic and Japanese calligraphy. You can use your knowledge to create gift cards, tags, invitations, wrapping paper and more.

4. Card Craft: Design and make products with creativity and originality, using a range of graphic and modelling materials. Make items such as point of sale displays, mechanical cards, jigsaws and items of your own design and creation. There are lots of practical challenges along the way so this club is perfect for those with a creative streak and a determined nature!

5. Cinemaniacs and Media-ites: Calling all film buffs! A chance to watch, discuss and analyse trailers and films from all genres. This club will give you the chance to dabble with media and learn to 'read' films, from the popular to the obscure. 'Films have the power to raise your gaze and raise your game and give you a ticket to pleasure and enlightenment forever more'.

6. Comic Creation Club: Are you a fan of Marvel, DC or 2000AD? Have you ever wanted to know how to draw your own comic book? Do you have the perfect superhero or dastardly villain that you could bring to life on the page? If you answered 'yes' to any of those questions then join us in room 14 where the secrets to being as successful as Stan Lee or Bill Finger will be revealed!

7. Couch to 5K Running Club: Whether you are a keen runner or you're just getting started, this is the club for you! We will cater for all abilities and use the 'Couch Potato' App to help us along. Each week we will gradually increase the pace and distance of our runs until we 'potatoes' turn into professionals!

8. Cricket Club: Come and develop your knowledge, coordination, batting and fielding skills with the PE department! This club will focus on the international sport of cricket.

9. Cycling Club: From bike maintenance to drills, races, obstacles and rides, this club will build your cycling skills and ensure you have lots of fun along the way. **NB: please state whether or not you have your own bike if you select this option.** Your bike, helmet and clothing must meet British Safety Standards.

10. Darts: Learn the techniques and tactics behind the very popular sport of Darts. Everything from the basics up to how to checkout those high scores. Challenge and improve your mental maths ability by learning the 'quick tricks' for adding in your head, just like the professionals!

11. Doncaster Detectives: Think Doncaster is boring? Think again! Find out more about where you live and local history using real artifacts. We will dig deeper into our local history and piece together the evidence to draw conclusions. What secrets might we uncover? Will any mystery remain unsolved? There may be some surprises along the way as we uncover details of Doncaster's near and distant past.

3 options are available within this club:

Extra English, Extra Maths and General Revision.

To be accepted for General Revision an application must be made by the **27th March**. Check your emails for more info.

Your time to shine...

Leadership opportunities are available for all Year 10 and 11 students this term. If you consider yourself an expert in any of the activities available during enrichment or if you think you would like to help run the club, now is your chance to shine! **On your survey say which club you would like a leadership opportunity in** and you could soon be sharing your skills.

You've chosen your top 3 clubs, what next?

- Check the club is for your year group.
- If you have ever done the club before, check that you can pick it again.
- Complete the survey that has been emailed to your school email address with a copy of this for homework by **Wednesday 29th March**.

Making your choices.

Carefully read through all of the club descriptions enclosed in this booklet. There is a lot on offer this term so make sure you take your time, and discuss options at home too. Next, you need to pick your top three club choices, and put them in order, with number 1 being your favourite. Before you do anything else, check that the club is suitable and available to you.

A link will be sent to your school e-mail address with a link to a survey, where you will enter the choices in order.

More information can be found on the school website.
Look for Curriculum and then Enrichment.

If you have any questions about the clubs or your club choices you must see the Enrichment team before the survey deadline on
Wednesday 29th March.
