

PiXL Maths App

Things to know:

Your son/daughter is one of our 1.2 million account holders.

Just under $\frac{1}{5}$ of all students who sat their Maths GCSE (2018) in England, Wales or Northern Ireland had used the Maths App to prepare for their exam.

With regular use it has been shown to raise attainment within a year by at least 1 grade.

PiXL Maths App

What does the app do?

Uses online questions to assess your son's/daughter's knowledge across more than 200 skills to raise awareness of their strengths and areas to develop.

Provides video and PowerPoint support to enable learners to target areas of weakness.

Reproduces the same question but with different numbers so that learner's can apply their knowledge.

PiXL Maths App

More than 200 skills.

That is quite a lot!

Where should my son/daughter
start?

Sometimes it is hard to know what to do with a blank canvas. Therefore we have structured graded challenges under “set tasks” to help students start along a particular path.

How does my son/daughter know
how they are doing?

Their success line

Question selection menu is RAG'd
Class engagement scoreboard

Their teacher also sees an overview
and will shape written reports,
conversations and their teaching to
continuously target their needs.

The screenshots show the app's interface for a user named PMA. The top navigation bar includes 'Take a test', 'Set tasks', 'Paper QLA', and 'Scoreboard'. The user's profile shows 'Edit profile' and 'Logout' buttons. The progress tracking screen displays 'This is a measure of how much of each successfully completed for' with a 'Go back' button. The question selection menu is RAG'd, with 'Number' highlighted in green, 'Algebra' in yellow, and 'Geometry', 'Probability', 'Ratio and propo', and 'Statistics' in red. The class engagement scoreboard shows four students with their current and all points. The 'Number' topic selection screen shows 'BIDMAS' (All PLCs: 3/3) in green, 'Bounds' (All PLCs: 8/12) in yellow, and 'Decimals' (All PLCs: 0/3) in red. Other topics like 'Calculator', 'Estimation', 'Factors, multiples and primes', and 'Fractions' are in grey.

PiXL Maths App

So how can I help?

Encourage your son/daughter to use the app on top of any other homework. They can use the search facility under “Take a test” to help target a specific skills or the “Daily challenge”.

If you are teaching your son/daughter a particular skill, try and use the techniques shown in the videos/PowerPoints.
