

Doncaster Council Insight Day - General

Time: 2:00pm OR 4:00pm

Date: 5th February 2020

Location: Civic Office, Waterdale, DN1 3BU – Report to Business Reception

Doncaster Council, one of the largest employers in Doncaster, is once again throwing its doors open to anyone interested in finding out more information on the roles and opportunities available in the organisation.

Like many large organisation, Doncaster Council recruit a range of professional and semi-professional roles in departments, including;

- higher and degree apprenticeships
- legal services
- planning
- social work
- finance
- environmental
- ICT
- regeneration
- education
- engineering

Who's it for

Delivered by current apprentices, this is a great opportunity to hear directly from our apprentices on their experiences for anyone considering or know they want to do an apprenticeship after school instead of university, a career in local government or if you are simply wanting to understand the different roles involved in a large organisation.

What you'll do

This is your chance to see inside a modern organisation and understand what roles are involved to make it a success. You'll be given a presentation on the organisation, a tour of the modern building and facilities and an opportunity to ask questions with current members of staff and apprentices.

You will understand what opportunities are available in Doncaster Council what the next steps are if you would like to apply for an apprenticeship or work experience placement with Doncaster council.

How to join

Simply email your confirmation to apprenticeships@doncaster.gov.uk or call **01302 737318** to reserve a place, stating which session you would like to attend. (Feel free to bring along parents or friends with you).
