

11 May 2020

Dear Parents/Carers,

Further to the Prime Minister's recent announcement this Sunday that some children/young people will possibly be returning to school from the 1 June, we would like to advise you, that we are now waiting for further details from the government and unions before we make concrete plans for children/young people and staff to return. We are mindful that the plan for schools to re-open is still tentative and will be dependent on the number of future COVID-19 infections and deaths continuing to fall over the next two to three weeks. We will, of course, also be consulting with a number of stakeholders, including yourselves at some point about our plans, outlining our proposed safety measures once we have more information.

For the moment, we are currently using our Health and Safety advisers to undertake a review of each school in the Brighter Futures Learning Partnership Trust to ensure we can respond safely to the government's proposals. We are very mindful that we want to support our parents/carers to return to employment as soon as it is safe to do so but, as you will be aware, we are also very keen to ensure that we fulfil our duty of care to all our children/young people and staff.

In the meantime, we would like to thank you for your continued support. We will contact you as soon as the situation changes and we have a clearer understanding of the measures we need to put in place.

Keep safe and please know our thoughts are with you all.

Yours sincerely

Mrs H Redford-Hernandez
CEO
Brighter Futures Learning Partnership Trust
