It is with great pleasure...

that we look forward to welcoming you to Hungerhill School

I am delighted to introduce you to our caring and aspirational school and give you an insight into all that makes it successful.

Our students are at the heart of everything we do to ensure they have the support and guidance they need to reach their full academic and personal potential. We aim to foster a love of learning, stimulate curiosity, develop creativity and enthuse and engage students to be lifelong learners.

We offer an extensive range of enrichment experiences to students in order to develop self-esteem, confidence, self-expression, creativity and teamwork skills.

We are fortunate to have a caring, skilled and dedicated set of teachers, support staff and Governors at Hungerhill, who believe that there is no limit to learning or ceiling on achievement as we seek the best outcomes for students. Pastoral care and inclusion are of exceptional quality, as we put the needs of individual students at the centre of everything we do.

Don't take our word for it, please join us at one of our Open Events which provide a superb opportunity to experience our learning environment first-hand and meet our talented team of staff and students.

Mrs Pond
Headteacher

"Having taught at Hungerhill for many years, I am immensely proud to be at the forefront of this ambitious school. Our students and staff are simply World Class."

what our students say

Felicity Ali

"My first year
at Hungerhill was great.
At first it was tough, adapting
to the recent changes. I like how
we learn different and interesting
things in each lesson and use my
learning for different subjects.
My favourite lessons are PE
and English."

"I have really
enjoyed my past year at
Hungerhill. I was able to
apply all of the core values in
my lessons. It may become
challenging at certain times but
always try your best since
that is all you can do and
all the teachers ask!"

Joshua Hinds

Tony Huang

"At Hungerhill there are far more subjects than at Primary School. We do new subjects like music, ICT and Food. We have regular awards and I won the Head of Year award in Year 7. There are more students than at primary school but you soon get used to it."

Reuben Hubalau

"The first time I came into Hungerhill it was scary but I got through it. We spent some of the year on online lessons but I still made lots of friends and especially enjoyed my science lessons."

"I really like science because we get to do fun experiments with our friends and teachers. I have a good form tutor who really helps us."

Grayson Nixon

"I think that trying your hardest every lesson will benefit your education and career in the future, and that is all the teachers ask of us. I enjoy the vast range of subjects and being able to learn and experience things I was unable to do in primary."

Jonathan Bell

"The things I enjoyed most about Year 7 were meeting new friends and getting to know all of my teachers. Everyone is friendly."

Tiffany Huang

Daisy Hitchman

"When I first came to Hungerhill I was a bit anxious, but I was welcomed and cared for by other students and teachers. We have wonderful, fun lessons that we all enjoy. My favourites are DT, art and maths. There are a lot of fun activities, at the end of the year we had an ice cream van, sports day, charity events and bake sales! It was good fun."

Aziza Mamdouh

"When I started at Hungerhill I was scared to come and fail in my lessons, then I found that the teachers are brilliant and really nice so I felt much more comfortable and 100% better. I settled in more every day."

Millie Brewster

"I have really enjoyed the past year at Hungerhill and have made new friends. My favourite parts have been learning a new language and playing different sports."
