

17 September 2021

Dear Year 11 Parents/Carers,

Year 11 students have made a really good start to the year with many staff commenting on the positive attitude they are showing towards their learning. As they enter the first Mock Exam period of the year, we'd like to take this opportunity to thank you for your on-going support and share with you some further information regards how to best support your child at home.

### **Making Mocks Matter/The Year Ahead**

As you will be aware, last week we held our Making Mocks Matter/The Year Ahead evening and the feedback received from parents who were able to attend has been overwhelmingly positive. The feature presentation from the evening is now available to view through the school website via the link below. A popular element of the evening was the Study Skills Workshops with 100% of responses to our feedback questionnaire finding them useful. All students have been introduced to these techniques prior to the summer break to help them prepare for their forthcoming mock exams. Please note we are currently in the process of having these techniques collated into a booklet and distributed to all students to support with their exam preparations. ### **Revision Guides**

In addition to the English, Maths and Science revision resources referred to in the presentation, we have a wealth of revision guides available to purchase via our SIMS Pay app. Please discuss with your child to ensure that only those guides applicable to their studies are purchased, using the app to order and pay for items. To enable a timely process, please note that all orders submitted before a Thursday will be able to be collected from reception the following Monday. It is advised that students have an appropriate bag to transport the guides or if preferred parents can arrange to collect these from reception. You can use the link here to access the PAY360 homepage [www.PAY360educationpayments.com](http://www.PAY360educationpayments.com). Once signed in, the resources can be found in the exams and lessons section.

### **Curriculum updates**

A number of parents have requested an overview of the topics studied throughout the year. These can be found for each subject on our Curriculum page of the school website here [Hungerhill School - Subjects](#)

Yours sincerely

Mrs L Pond  
Headteacher

Mr P Storey  
Deputy Headteacher
