23 February 2022

Dear Parents/Carers,

Re: Year 11 Exam Update and Learning Journey

We hope you and your family are keeping well and you are beginning to see signs that we are returning to some sort of normality from the Covid pandemic.

Our Year 11 students are now approaching a crucial time in the run up to the final examinations starting in May. We would like to take this opportunity to share some key upcoming dates and information with you.

Students will be receiving their January mock examination grades on Friday 4 March. These will give students an indication of how they have performed in the exams prior to receiving their Subject Review Grades on Thursday 10 March which will include their final set of Attitude to Learning grades, current grades and predicted grades.

The Year 11 Parents' Evening will be held on Wednesday 16 March and will be your final chance to discuss your child's progress with their subject teachers. With Covid restrictions ending and positive cases decreasing, we intend to hold this evening face-to face in school. We are currently exploring the use of our SchoolCloud software, with a view for parents to use this to book appointments. More details regarding this event will be sent out in due course.

On Monday 7 February, OFQUAL published further information which will help students to focus their revision for their exams which are planned to go ahead this summer. Some of the exam content, texts, topics and sub-topics, themes, and skills due to be assessed have been made available by exam boards. Subject teachers have been busy studying the information provided and are adapting their lessons from now until the exam period to ensure that focus on these key target areas to prepare students as well as possible for their exams. The different subject areas have placed resources, checklists and key information in a student friendly format on a new Microsoft Teams Group called Year 11 Exams 2022. We urge students and parents/carers to make good use of the study material provided. Teachers will be sharing this information with students in lessons. This area will be regularly updated, and we will notify you of any changes. Staff have been going above and beyond, including face to face sessions, and providing lunch and afterschool sessions to give bespoke intervention based on this information and resources.

Revision guides are still available for students to purchase using Pay360. Please discuss with your child to ensure that only those guides applicable to their studies are purchased, using the app to order and pay for items. You can use the link here to access the Pay360 homepage www.PAY360educationpayments.com Once signed in, the resources can be found in the exams and lessons section. Any orders placed Monday to Thursday can be collected from main reception on a Friday and any orders placed on a Friday can be collected the following Friday.

Hungerhill School is part of the Brighter Futures Learning Partnership Trust
Brighter Futures Learning Partnership Trust is an exempt charity regulated by the Secretary of State for Education. It is a company limited by guarantee registered in England and Wales (Company Number 07939747), whose registered office is at Hungerhill School, Hungerhill Lane, Edenthorpe, Doncaster, DN3 2JY.

The Government is fully committed to exams going ahead this summer and does not expect that to change except in the very unlikely case of a public health emergency which would prevent students being able to physically sit exams. Therefore, school attendance is of paramount importance for your child and excellent attendance will mean your child has more opportunities to benefit from the excellent support and teaching that our staff provide.

Please can I take this opportunity to stress the importance of your child attending every one of their examinations. Every mark counts! If your child misses a paper, unlike mock exams, there is not a catch-up opportunity and the marks available for that paper will be forfeited and the overall grade will be affected.

As mentioned, the main focus between now and the exam season is to ensure students are prepared to the best of their ability to achieve their potential in each subject they study. Below is the Learning Journey overview that shows the focus for each subject over the coming weeks:

Subject	Topic(s)				
English	Language Paper 1 revision				
Maths	<table border="1"> <thead> <tr> <th>Foundation</th> <th>Higher</th> </tr> </thead> <tbody> <tr> <td>Target work on various topics as per mock exam need. Focus will be around the Edexcel pre-release information.</td> <td>Solving quadratic inequalities Target work on various topics as per mock exam need. Focus will be around the Edexcel pre-release information.</td> </tr> </tbody> </table>	Foundation	Higher	Target work on various topics as per mock exam need. Focus will be around the Edexcel pre-release information.	Solving quadratic inequalities Target work on various topics as per mock exam need. Focus will be around the Edexcel pre-release information.
Foundation	Higher				
Target work on various topics as per mock exam need. Focus will be around the Edexcel pre-release information.	Solving quadratic inequalities Target work on various topics as per mock exam need. Focus will be around the Edexcel pre-release information.				
Science	Chemistry – Revision Physics – Magnets followed by Revision Biology – Revision				
Art	Students will be working independently to refine and complete all coursework. Students who have completed their coursework will create their own personalised project based on their own chosen theme.				
Business Studies	Synoptic assessment				
Computer Science	Revision – exam preparation				
DT - Engineering	R105 – final exam preparations				
DT - Food	Non-exam assessment 2 – FINAL Practical				
Geography	Exam preparations				
Graphic Design	External exam project				
Health and Social Care	Care values				
History	Norman England Revision for final exams				
IMedia	Health and safety (including legislation) when creating digital products				
Modern Foreign Languages - French	Completion of module 8 - Global issues Revision/Exam preparation				
Music	External assessment - Live performance				
Core Physical Education	Invasion Games Net Wall Games				
GCSE Physical Education	Target work based on recent mock exams

PHSE	Financial capability
Psychology	Criminal Behaviour Extended writing focus
Ethics and Philosophy	Wealth and Poverty in the 21 st Century Consumerism
OCR Sports Science	Sports injuries

To conclude, we have celebrated students' maturity and commitment to their recent mock examinations. We are confident that if students continue to work hard both in and outside of lessons, then they will feel fully prepared for the summer examination series.

Thank you for your continued support.

Yours sincerely

Mrs L Pond
