

29 March 2022

Dear Parent/Carer,

**Re: Year 11 Easter Intervention**

Throughout the last 12 months, you will be aware of the huge efforts we have made as a school to offer additional learning opportunities to students in attempts to recoup the lost learning caused by the Covid-19 pandemic. This has included the increased use of Microsoft Teams, the extension of the school day and staff delivering sessions during school holiday periods.

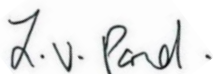

We are truly on the final stretch now with Year 11 and in most subjects, courses have now completed, and lessons are focussing on revision for their final exams that commence on Monday 16 May. To support this, students have been provided with advance information produced by the exam boards that will help focus their revision. After the Easter break, Period 6 will return to the core subjects – English, maths and science and you will receive an additional letter in due course if your son/daughter has been targeted to attend any of these sessions. If your child has not been targeted and would like to access the additional support, this can be arranged through discussion with their individual class teacher.

Additionally, some subject areas are delivering booster sessions throughout the first week of Easter holidays. Please see below an overview of the sessions and discuss with your child as to whether they are expected to attend. Where students have been targeted, this information can be found in their subject Teams folder. If your child would like to attend any of the sessions below, they should make their subject teacher aware.

|                         |  |
|-------------------------|--|
| <b>Monday 4 April</b>   | <b>Engineering Design</b> – opportunity to further develop coursework in preparation for final submission.<br><b>Food and Nutrition</b> – opportunity to further develop coursework in preparation for final submission. |
| <b>Tuesday 5 April</b>  | <b>Art</b> – opportunity to further develop portfolio in preparation for final submission  |
| <b>Thursday 7 April</b> | <b>Science</b> (Biology, Chemistry, Physics)<br><b>History</b> – Miss Shelton’s class only – due to lost lesson time caused by the upcoming bank holidays.   |
| <b>Friday 8 April</b>   | <b>French</b> – Speaking intervention – drop-in sessions for students wishing to refine their speaking skills prior to the forthcoming final assessments.  |

Thank you for your continued support. The students in Year 11 continue to be a real credit, demonstrating great resilience as they strive to achieve their very best despite the additional challenges they have faced over the last two years.

Yours sincerely

Mrs L Pond  
Headteacher

Mr P Storey  
Deputy Headteacher

Mrs J Laidlaw
