Dear Parents/Carers,

Re: Governor Vacancies – Hungerhill School Local Governing Board

We are currently looking for people with the following skill sets to join our Local Governing Board:

- Strong commitment to the role and to improving outcomes for children
- Inquisitiveness, good interpersonal skills and a willingness to learn and develop new skills
- Appropriate levels of literacy in English [unless your board is prepared to make special arrangements]
- Sufficient numeracy skills to understand basic data
- The specific skills that we require to ensure our board delivers effective governance

I can honestly say that the role provides a fantastic personal development opportunity in a range of areas including:

- Finance
- Health and Safety
- Estates Management
- IT Strategy
- Change Management
- HR

We welcome a conversation with anyone who thinks they would be able to contribute to the development of the Trust moving forward.

The role of a Trust Appointed Governor or Parent Governor is to work alongside the Headteacher/ Principal and provide confident, strategic leadership, creating robust accountability, oversight and assurance for educational and financial performance.

Our Trustees and Governors who are already supporting schools and Doncaster University Technical College, feel that governance supports their professional development. The role means that they gain an insight into the specific financial and legal framework in which schools operate. They also develop a deeper understanding of HR and above all, they know they are making a difference to the development of young people.

We would welcome hearing from you if this is something you would be interested in. To send your expression of interest, please complete the following Microsoft Form:
