23 September 2022

Dear Parents/Carers,

RE: Enrichment Timetable and Extra-Curricular Fixtures

We are pleased to announce the launch of our new lunch/after school clubs for Autumn Term 2022. At Hungerhill, we are proud to offer an extensive variety of Enrichment clubs and activities which run either at lunchtime or after school. The programme is constantly evolving and new clubs will be added throughout the year based on student feedback. The variety of clubs on offer ensures our students have as many enrichment opportunities as possible to enhance their cultural capital, boost their social skills and improve their well-being inside and outside the classroom. The full timetable can be viewed using the link below: [Hungerhill School - Wider Curriculum.](#)

As part of enrichment and the wider curriculum, we are also proud of our extra-curricular offer this year, with many sports clubs up and running and very well attended already. Based on feedback from parents, we are aware that communication of timings for training and fixtures must be clear and timely. For this reason, we have created a new Microsoft Team called 'Extra-Curricular (Student Information)' that all students have been added to. The extra-curricular timetable is shared in the weekly bulletin in form time and in PE but to jog students' memory further we will now share the timetable in the Extra-Curricular (Student Information) Team and post live updates about fixture locations and timings. So if your child cannot remember what time they need to be collected, you can ask them to check the Team and the information will be available. We hope this supports you as parents with facilitating your child attending as many clubs/training/fixtures as possible.

Thank you for your continued support and we hope your child is excited to make the most of our enrichment and extra-curricular provision.

Yours sincerely

Mrs R Hancock
