

Parental Consent – A & B Visits

I hereby agree to my child participating in recognised, routine activities that are organised by the school, taking place off the site. Such activities would include for example, environmental/field studies, enrichment activities, sports fixtures, joint activities with other schools, visits to the local shop/church/library etc.

I understand that:

- such activities will not normally extend beyond the school day, however if they are likely to do so, such as in the case of sports fixtures, adequate advance notice and details will be provided by the school so that I can make appropriate arrangements for my child's safe return home.
- my specific permission will be sought for any out-of-school visits and activities beyond those outlined above, which involve overnight stays, non-routine visits taking place outside of normal school hours, visits which involve high risk activities/environments etc.
- there is some level of risk in every activity, but that all reasonable measures will be taken to minimize the risks involved.
- my child will be under an obligation to follow all directions given by staff and observe all guidelines governing the visit/activity along with following all other policies applied by the school.
- I will inform the school of any changes to medical or other information which staff should reasonably be aware of, and which might affect the safety and welfare of your child or other group members during an offsite visit.

You will be made aware of all off-site visits prior to the visit, even though we have your consent form.
