Dear Parents/Carers,

Re: Measles, Chicken Pox and Shingles

Please may we ask for your cooperation in a vitally important matter. One of our students is receiving medical treatment for cancer. This puts the student at serious risk if exposed to measles, chicken pox or shingles.

Please let us know immediately if you suspect that your child has chicken pox. It is also very important that you let us know if anyone in your household has shingles. If you suspect your child has measles you should let the school know immediately.

Your own child is not at any risk whatsoever from this situation. However, the health and wellbeing of our student with cancer may be at serious risk. We depend on the cooperation of all parents/carers and know we can rely on your help.

Yours sincerely

Mrs L Pond
Headteacher
