Dear Parents/Carers,

Re: Class Charts

We have been using Class Charts at Hungerhill School for the last 18 months.

Class Charts is an online system which teachers use to track achievement and behaviour throughout the school day. We believe in working closely with parents and guardians. One of the key benefits of using Class Charts is that we can securely share your child(s) achievements with you and keep you up to date in real-time, as well as sharing home learning.

Each child has a unique access code which has been issued to parents/carers. If you need the code to be resent, please contact the admin team who will be able to send over the code to the linked email account. They can be contacted on [admin@hungerhillschool.com](mailto:admin@hungerhillschool.com)

Once you have been issued with a code, you will need to create an account and enter the code here:  
<https://www.classcharts.com/parent/login>

Links to the Android and iOS parent apps are also available from this page.

If you have more than one child in the school, you can enter additional codes directly into your created account.

The following link contains a 'How to... on Class Charts' guide for all students and parents/carers:

Please do get in touch if you have any questions.

Yours sincerely

Miss M Harwood  
Deputy Headteacher for Inclusion and Achievement
