Dear Parents/Carers,

Re: The Importance of Good Attendance at Hungerhill

We hope this message finds you well.

We are writing to bring attention to a matter that is essential to the continued success and progress of all our students here at Hungerhill: school attendance.

Over the past few days, we have noticed a slight decline in overall attendance. While we understand that absence is sometimes unavoidable due to illness or other exceptional circumstances, we want to take this opportunity to stress how important consistent attendance is for your child's learning, wellbeing, and future opportunities.

Every day in school counts. Even short absences can disrupt a student's ability to stay on track with their learning, affect their confidence, and limit their chances of achieving their full potential. Regular attendance helps students to:

- Keep up with classwork and homework
- Build strong relationships with peers and staff
- Develop the routines and discipline essential for life beyond school

We would also like to remind parents and carers that it is perfectly acceptable for students to attend school with minor illnesses, such as mild colds or sore throats, as long as they are well enough to participate in lessons. Often, being in school with light symptoms can actually help maintain routines and reduce further learning loss.

At Hungerhill, we are committed to providing a supportive and enriching environment for every learner, but we can only do this effectively when students are present and engaged.

We kindly ask for your continued support in encouraging your child to attend school every day, unless there is a genuine reason that prevents them from doing so. If you are experiencing any issues that may be affecting your child's attendance, please do not hesitate to reach out through the 'Contact Us' section of the school website. We are here to help and work with families to ensure the best outcomes for all our students.
