Dear Parents/Carers,

Re: Launch of the Official Hungerhill School Facebook Page

We are pleased to announce the launch of the official Hungerhill School Facebook page.

Our new page has been created to strengthen communication with our school community and to celebrate the many achievements, events and opportunities taking place across the school. Through the page, we will share:

- Important school updates and reminders
- Celebration of student achievements and successes
- Information about school events and activities
- News from departments, clubs and enrichment opportunities
- Careers and wider community information

The Facebook page will complement our existing communication channels and website, helping us keep parents and carers informed in a timely and accessible way.

Please note that this is the only official Facebook page associated with Hungerhill School. Any other pages using the school's name or branding have been created independently by other individuals and are not affiliated with or managed by the school. We would advise parents, carers and students not to follow, engage with or share information through unofficial pages.

We would encourage you to follow the official page and engage positively with the content shared. Please note that the page will be managed in line with the school's safeguarding and social media policies.

To ensure the safety and wellbeing of all students and staff:

- Comments on posts will be switched off
- The page is intended for sharing information and celebrating success rather than responding to individual queries or concerns
- Parents and carers should continue to contact the school directly with any questions, concerns or individual matters by using the [Hungerhill School - Contact Us](#) form
- Any student images used will follow the permissions already provided to the school
