Dear Parents/Carers,

Re: Important Safeguarding Notice – Concerns Regarding Inappropriate Online Content

I regret that I must write to you again regarding a serious safeguarding concern. Two TikTok accounts have been reported to the school containing abusive content aimed at staff members, including photographs accompanied by offensive and harmful comments.

We recognise that this will come as a shock to many of you. The vast majority of our students behave respectfully and responsibly, and we believe only a very small minority would engage in behaviour of this kind. However, to protect the safety and well-being of our school community, we need your support in monitoring your child's online activity carefully.

Please ensure you are checking your child's devices regularly and discussing appropriate online conduct with them. Cyber harassment — including online abuse of staff or students — is wholly unacceptable. Online abuse directed at school staff, whether by students, parents, or members of the public, is a serious offence and will be dealt with accordingly.

Our staff are an invaluable part of Hungerhill, and their dedication and care for our students is exceptional. As Headteacher, I have a duty to safeguard every member of our community. The accounts in question have therefore been reported to the Professional Online Safety Helpline (POSH) for further investigation.

We appreciate your cooperation in reinforcing respectful online behaviour at home. If you require support or guidance on online safety, please contact the school via the Contact Us page on our website.

Kind regards

Mrs K Crawford
Headteacher
